

Important information:

Patients under 16 years-old:

This service is only available to Patients aged 16 years or older.

Patients with additional needs:

If the Patient is vulnerable, or has a disability, or mobility problems, then please advise us when you book their appointment.

Transport:

If you require hospital transport, please advise us when you book your appointment.

Translation Support:

If you require a translator, please advise us which language when you book your appointment.

Keep us informed:

If you need to change or cancel your appointment, please call the service **at least 48 hours prior to your appointment**, so it can be offered to someone else

Don't be a DNA:

If you **Do Not Attend (DNA)** or you are late to your appointment without notifying us, you may be discharged from this service.

Diagnostic Tests:

After your assessment, your clinician may feel that you warrant further investigations, or tests.

Diagnostic tests may take up to 8 weeks

and we monitor your progress throughout the diagnostic process, so there is no need to call us earlier than this.

Croydon Integrated Musculoskeletal Service

A guide for patients

Are you suffering from muscular or joint pains?

Our service brings together specialist musculoskeletal (MSK) clinicians to assess, diagnose and manage your condition at health centres in your local community. We treat MSK conditions involving: bones, soft tissues, muscles, joints, ligaments

Our services:

Croydon Integrated Musculoskeletal (MSK) Service is for people with musculoskeletal conditions. Our team includes specialist clinicians covering all musculoskeletal specialist areas, who can provide a comprehensive assessment and a range of treatments and management plans in a community setting.

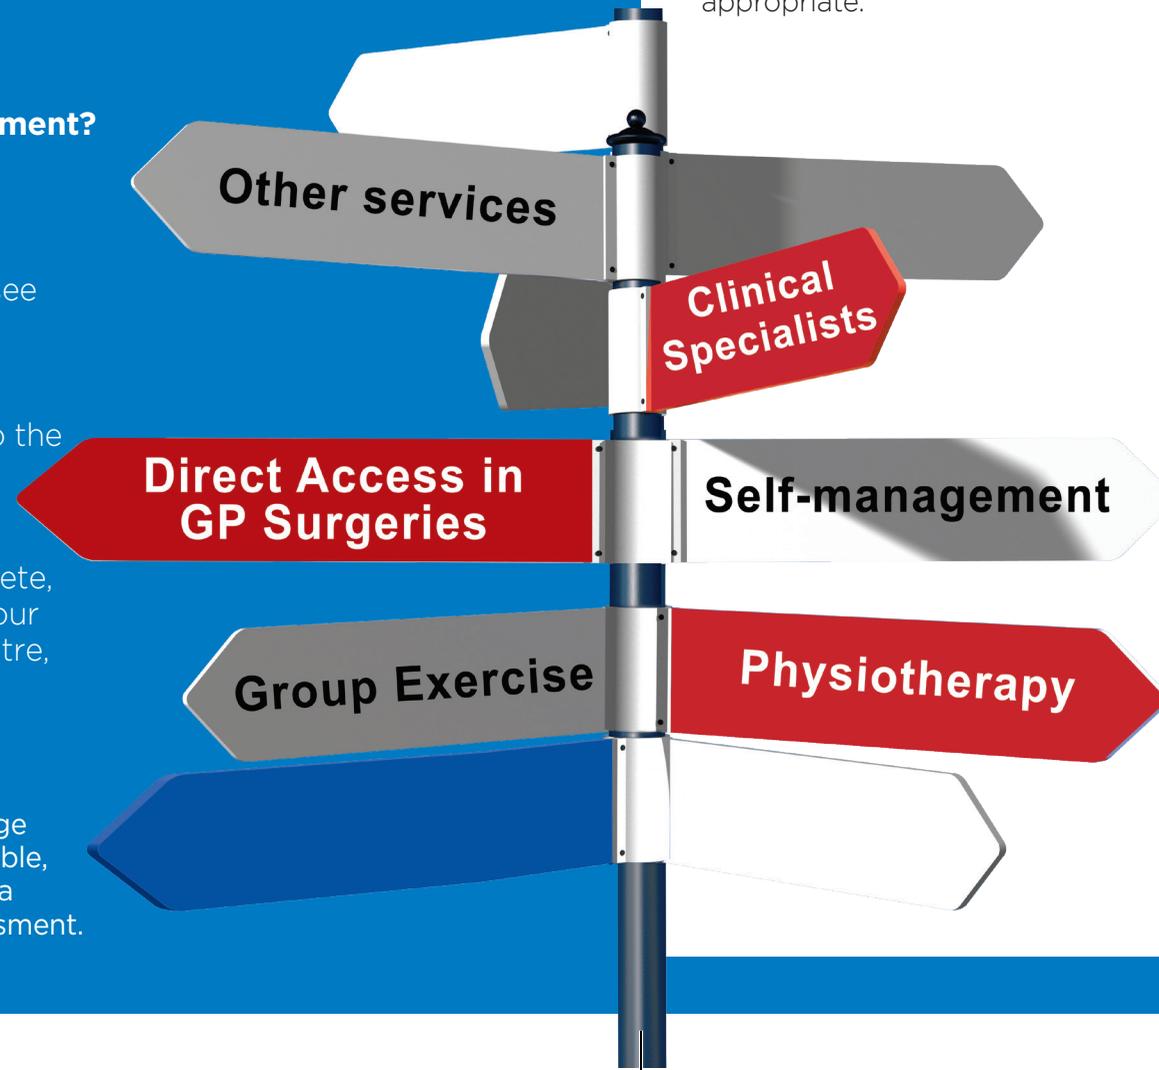

Speak to your GP today about how our MSK service could help you.

How do I make an appointment?

GP referral.

- Make an appointment to see your GP
- Your GP will refer you into the MSK service
- Once the referral is complete, you will be contacted by our Referral Management Centre, to arrange your first appointment.

So that you can begin to manage your condition as early as possible, your first appointment may be a physiotherapy telephone assessment.

What should I expect?

Your initial appointment will most likely involve a telephone assessment by a physiotherapist. These calls usually last about 20 minutes and will be from a withheld number. You will be asked questions about your symptoms, activities, work, etc. You may then be referred to see one of a Physiotherapist or Advanced Practitioner Physiotherapist or Consultant Physiotherapist who will further assess you and will refer you for further investigations as appropriate.

Your treatment plan may include a variety of specialist treatments which will be discussed with you and delivered in a clinic or group setting to help you to return to your usual activities. Your treatment plan will also include advice and specific exercises to help you self-manage your condition.

What to wear:

During your assessment you might be required to carry out a number of movements to determine the cause of your pain. Therefore we recommend you wear suitable loose fitting clothing, such as t-shirt, shorts, jogging bottoms and underwear that you are comfortable being assessed in.

Where will I be seen?

The clinics are located in local health centres and some GP practices within the community. You will be offered the earliest appointment available but you will also be given a choice of venues so you can choose a location which is best for you.

What if I need to go to hospital?

If it is necessary for you to have an operation or see a consultant at a hospital, this will be discussed with you. You will then be able to choose which hospital you wish to be treated in and a referral will be arranged through our support team.
