

Important information:

Patients under 16 years-old:

If the Patient is under the age of 16, please inform us when registering the patient.

Patients with additional needs:

If the Patient is vulnerable, or has a disability, or mobility problems, then please advise us when you book their appointment.

Translation Support:

If you require a translator, please advise us which language when you book your appointment.

Keep us informed:

If you need to change or cancel your appointment, please call the service **at least 48 hours prior to your appointment**, so it can be offered to someone else.

Don't be a DNA:

If you **Do Not Attend (DNA)** or you are late to your appointment without notifying us, you may be discharged from this service.

Diagnostic Tests:

Your clinician may require you to have diagnostic tests (e.g. blood-samples, X-Rays, MRI Scans). You may be required to attend a walk-in clinic, or we may request the test for you.

Diagnostic tests may take up to 8 weeks and we monitor your progress, so there is no need to call us earlier than this.

Patient and GP support

Our support team is here to help you, if you have any queries or questions regarding your care, please get in touch

0191 4813 902

Lines are open Monday to Friday between 8.30am and 5.00pm.

Data protection and patient confidentiality

Patients and Clinicians can be assured that the protection of privacy and confidentiality are given the highest priority, with all personal information being collected, held and used in strict compliance with the Data Protection Act 1998 and the General Data Protection Regulations (GDPR) 2018.

Comments, complaints and suggestions

South Tyneside MSK Service encourages feedback from its patients on their experiences with the services they have received. If you wish to make a suggestion, compliment or a complaint about any part of the service, then please call Referral Management Centre on **0191 4813 902** and they will direct your call, or access further information on how to do so via our website:

South Tyneside Musculoskeletal Service

A guide for patients

**Are you suffering
from muscular or joint
pains?**

Our service brings together specialist musculoskeletal (MSK) clinicians to assess, diagnose and manage your condition at health centres in your local community. We treat MSK conditions involving: bones, soft tissues, muscles, joints, ligaments

Our services:

South Tyneside MSK Service is for people with musculoskeletal conditions. Our team includes specialist clinicians covering all musculoskeletal specialist areas, who can provide a comprehensive assessment and a range of treatments and management plans in a community setting.

Speak to your GP today about how our MSK service could help you.

How do I make an appointment?

There are two referral options - GP referral or self-referral.

To self-refer, simply call **0191 4813 902** to speak to one of our Patient Care Advisors, who will be happy to help.

Or you can visit your GP;

- Make an appointment to see your GP
- Your GP will refer you into the service
- Once the referral is complete, you will be contacted by our Referral Management Centre, to arrange your first appointment.

So that you can begin to manage your condition as early as possible, your first appointment may be a physiotherapy telephone assessment.

What should I expect?

Your first appointment will most likely involve a telephone assessment by a physiotherapist. These calls usually last about 20 minutes and will be from a withheld number. You will be asked questions about your symptoms, activities, work, etc. You may then be referred to see a Physiotherapist or Advanced Practitioner Physiotherapist or GPwSI (GP with Special Interest) or Consultant in Sport & Musculoskeletal Medicine (a doctor) who will further assess you and will refer you for further investigations as appropriate.

Your treatment plan may include a variety of specialist treatments which will be discussed with you and delivered in a clinic or group setting to help you to return to your usual activities. Your treatment plan will also include advice and specific exercises to help you self-manage your condition.

What to wear:

During your assessment you may be required to carry out a number of movements to determine the cause of your pain. Therefore we recommend you wear suitable loose fitting clothing, such as t-shirt, shorts, jogging bottoms and underwear that you are comfortable being assessed in.

Where will I be seen?

The clinics are located in local health centres and some GP practices within the community. You will be offered the earliest appointment available but you will also be given a choice of venues so you can choose a location which is best for you.

What if I need to go to hospital?

If it is necessary for you to have an operation or see a consultant at a hospital, this will be discussed with you. You will then be able to choose which hospital you wish to be treated in and a referral will be arranged through our support team.
